Subject : Concerning Empty Containers

25.07.2013

Reference : (a) Announcement no. MIP.01.A.2672 dated 12.11.2010
(b) Announcement no. MIP.0101-370-8/405 dated 28.02.2013

In line with the increase in container volumes and in order to be of assistance to container lines, our establishment has decided to revise the Empty Container Storage Free Working Stock scale, announced by the referenced announcements, as shown below. The application criteria will continue to be applicable as stated in the referenced (b) announcement.

The monthly TEU per day of container lines with contracts with our establishment currently in effect, will be revised according to stocks dispensation. Container lines wishing to raise the amount of commitment on their present contract with regards to their operation volumes must submit their application to our establishment until the 31st July 2013.

The scale applicable to container lines which may benefit from the Free Working Stock through the incorporation of empty containers into the pool system, has been presented in the below table:

Total Annual Operation Volume (TEU)	Empty Container Rate Within Total Operation Volume (%)	Free Working Stock (TEU/Day)
